CIGRE Insights

Power and Energy Student Summit (PESS)

"Congratulations to the German Next Generation Network for their 10-year celebrations!
 I see a particular strength in the fresh ideas and passion combined with new knowledge that the team members contribute to the network.
 I am also really glad to see the German NGN taking the lead in the Task Force Speed Up the Energy Transition. "

Dr.-Ing. Britta Buchholz,
 CIGRE Past Chair of SC C6
 and CIGRE Distinguished Member
